

T101

T101-27

NEW 2023 DESIGN!

DIALED-UP DESIGN ON AN ALL-TIME FAVORITE

This best-selling treadmill is a favorite for a reason. With Bluetooth speakers, an integrated fan, easy assembly and a folding frame, the T101 is a great balance of features, quality and value.

New for 2023, control your speed and incline using QuickDial controls right on the hand grips. Perfect for following along with streaming workout classes, these in-reach dials make it easy to increase or decrease your workout intensity without breaking your stride.

CONVENIENT QUICKDIAL CONTROLS

Designed for streaming fitness classes and interval workouts, Horizon's exclusive QuickDial controls simplify speed and incline changes. On the right, roll the dial forward to increase speed and roll it back to decrease speed. On the left, roll it forward to go up the hill and roll it back to come back down.

FEATHERLIGHT FOLDING

Get the sturdiness of a traditional treadmill with the convenience of a folding frame thanks to our effortless hydraulic folding system that facilitates easy storage between workouts.

EMBRACE YOUR WANDERLUST

Explore our Virtual Active program in the atZone app to transport your workout to exotic locales all over the world. Shot on location by professional film crews, the HD footage speeds up or slows down to match your pace, and incline varies to match the terrain, making you feel like you're really there.
